## **THANK YOU FOR YOUR INTEREST IN OUR MEDICARE ADVANTAGE PLANS**

Florida Complete Care (HMO I- SNP) and Florida Complete Care – In The Community (HMO I- SNP) are special types of MAPD plans for people who live in a nursing home, an assisted living facility or live at home and have complex health issues that can require more coordinated and comprehensive care. These plans are called Institutional Special Needs Plans (I-SNP) and offer extra benefits and services depending on your situation.

## Florida Complete Care (HMO I- SNP) and Florida Complete Care – In The Community (HMO I- SNP)

Our **service area** includes these Florida Counties:

Florida Complete Care (HMO I- SNP) and Florida Complete Care – In The Community (HMO I- SNP) are Medicare Advantage and prescription drug plans. Our plans include hospital, medical and prescription drug benefits in one plan. To join our plans, you must:

- Be entitled to Medicare Part A,
- Enrolled in Medicare Part B,
- Live in our service area, and
- Reside or plan to reside in one of our network nursing homes or live in the community but require the same level of care as those who live in a nursing home.

With these plans, you must use doctors and facilities in our plan. If you use a doctor or facility not in our plan, we may not cover the service. The cost sharing outlined in this document is specific to in-network/contracted providers, except for Emergency Care. Out-of-network/non-contracted providers are under no obligation to treat Florida Complete Care members, except in emergency situations. Please call Member Services or see your Evidence of Coverage for more information, including the cost- sharing that applies to out-of-network services.

The benefit information provided in this document is a summary of what we cover and what you pay. If you are enrolled in Florida’s Medicaid Managed Care Long-term Care Program you will not have to pay the cost-sharing amounts listed in this document. This information is not a complete description of benefits. Call Member Services for more information. The Evidence of Coverage contains a complete description of benefits and can be accessed on our website here: [www.FC2healthplan.com](http://www.FC2healthplan.com).

Benefits marked with an asterisk “\*” require prior authorization before you can access them.

Some benefits follow Medicare’s deductible or coinsurance policies and contain the *note* “*Medicare benefit periods apply.*” A benefit period begins with a hospitalization and ends when you have not received hospital or skilled care for 60 days. If you go to the hospital after a benefit period has ended, a new benefit period begins. You must pay the deductible for each benefit period. There is no limit to the number of benefit periods you can have.

## **Great news!**

Part B Insulin and Part B drug benefits on Florida Complete Care' Medicare Advantage plans are getting even better in 2023.

At Florida Complete Care', we strive to help our members achieve total health so that they may live their best lives, which includes efforts to provide our members with access to more affordable prescription drugs.

With the passing of the Inflation Reduction Act, all Medicare Advantage plans will have enhanced benefits in 2023:

**Effective April 1, 2023, some rebatable Part B drugs may be subject to a lower coinsurance.**

This means beginning April 1, 2023, some Part B drugs will have a lower coinsurance than your standard part B drug coinsurance to help avoid increased cost for your Part B drugs. Any coinsurance adjustments will be made by the pharmacy at the time of purchase.

**Effective July 1, 2023, cost sharing for covered Part B Insulin furnished through a covered item of durable medical equipment will be no more than \$35 for a one-month (up to 30-day) supply.**

Part B Insulin is most commonly used through an insulin pump.
